

IMPACT! Sponsorship Program

For Business

The **IMPACT** that Mount Si Football has on our student athletes and community is well known with four State Playoff appearances in the last five years, six consecutive winning seasons, and eleven former student athletes playing collegiate ball in 2011. Even more importantly, Coach Kinnune and his staff focus on developing the *whole person* both physically, mentally, emotionally, and in character. They use football as a tool to teach life lessons, relationships among players, coaches, parents, and the community.

MOUNT SI
FOOTBALL

Did you know Coach Kinnune and his staff compete with only a fraction of the budget of elite programs like Skyline, Bellevue, Issaquah and Bothell? Despite this disadvantage, the Wildcats are still able to successfully compete in the most difficult conference in the state, where ten of the last eleven state titles have been won by a Kingco 3A team.

The Boosters of Mount Si Football are working to have a greater **IMPACT** in 2011 and beyond by making significant investments in training for coaches, player off-season skills development, better equipment and uniforms, academic assistance, technology improvements, additional coaching staff and increased playing opportunities.

Mount Si Football is on the verge of becoming an elite program that not only makes the State Playoffs, but *wins* in the Playoffs. We will continue to provide our sons the opportunity to develop fully into the young men of character that our Valley is so proud of. Please join Coach Kinnune and the Wildcat Football Booster Club as together to take Mount Si Football to the next level! **We are "all in" ... are you?**

Sponsorship Levels
